

STEM

Central Middle School's STEM and Green Expo

- * **Location:** Central Middle School
- * **Date:** Feb. 22nd 5:30-7:30 pm (Snow date: March 1st)
- * **Who's Invited:** Students, Parents, Community Members, Everyone!

How do the Environment, Science, Technology, Engineering, and Mathematics (STEM) play an important role in our lives? Visit the STEM and Green Expo to find out!

Awesome activities and experiences for learners of all ages:

- Discover how organizations use STEM and Environment-Friendly practices!
 - ⇒ What do different types of rocks look like under black lights? What is it like to ride a bicycle on a virtual course? How do robots assist in surgeries? Find out at the Expo!
- Use STEM and Environmental knowledge to complete tasks and games!
 - ⇒ Ever wanted to take part in a Rube Goldberg challenge? Or make slime? How about building a wind-powered car? Or maybe you want to plant your own peppers and tomatoes. Do all this and more at the Expo!

This year we will be collecting crayons & donating them to the Crayon Initiative. The Crayon Initiative melts down crayons, remanufactures them & then distributes them to art programs at children's hospitals across the U.S., brightening the lives of young patients everywhere. Please bring any old or unused crayons & donate them at the door. Each person who donates will receive a ticket with a chance to win a prize.
